Committee Room, City Hall,
October 21st, 1920.

TWENTY-FOURTH MEETING. (Minority).

NO. 2 COMMITTEE meets in the Committee Room, City Hall, on Thursday, October 21st, 1920, at 5 p.m.
PRESENT: Alderman W.A.Wilson (Chairman).

476. TENDERS.

Tenders for the new Paving Plant were received from the following, and referred to the Engineer for report at the next meeting of the Council, viz:-

(1) Hetherington and Burnard - cheque enclosed.
(2) Cummer & Sons - Cheque enclosed.
(3) Barber Asphalt Paving Co - Cheque and cash enclosed.
(4) Warren Bros - Cheque enclosed.
(5) East Iron Machine Works - No cheque.

Upon motion the Committee adjourned.

.....
Chairman.

Committee Room, City Hall,
October 26th, 1920.

TWENTY-FIFTH MEETING.

NO. 2 COMMITTEE meets in the Committee Room, City Hall, on Tuesday, October 26th, 1920, at 8 p.m.
PRESENT: Aldermen W.A.Wilson (Chairman) Seabrook, Moorhead, Drake and Ashton, and His Worship Mayor Little.

477. MINUTES.

The minutes of the twenty-third meeting are confirmed and signed by the Chairman.

478. PROKUS BUILDING PERMIT.

Mr. Prokus appeared before the Committee stating that Mr. Piper had refused to grant a building permit for his Amusement Hall on Dundas Street.

Mr. Piper states that the proposed alterations for the Amusement Hall would not comply with the provisions of the Building By-law. It was not so much the floor as the exit.

Alderman Moorhead moves, and it is adopted that the matter be referred with power to the Building Inspector, provided the Inspector is satisfied with the arrangements suggested.

479. CALLAHAN TRAFFIC COMPLAINT.

J.J.Callahan et al stating that for some time past owing to a change in the level of the sidewalk on the West side of Wellington Street, between Central Avenue and Hyman Street, water has accumulated in the lane-way between Richmond and Wellington Streets in this block and at the present time is a menace to the public. This water formerly flowed from the lane-way on to Wellington Street and then in the City sewers, but since the construction of the sidewalk above referred to, the water has been prevented from flowing on to Wellington Street with the result that it remains stagnant in the lane-way, and in the Summer time is a menace to the health of the locality and a great danger in the Winter time.

Will you kindly submit this letter to the Works Committee of the City Council and at the same time notify Mr. J.J.Callahan when the matter will come before the Committee so that Mr. Callahan can personally attend on same.

Mr. Callahan addressed the Committee on the complaint.

Mr. Brazier states that there should be a catch basin connected with the main at cost of $150.00 or to the private drain at an estimated cost of $30.00.

Mr. Callahan would consent to the connection with the private drain, provided he were reasonably protected.

Alderman Drake moves, and it is adopted, that the matter be referred with power to the Engineer.
